Environment Policy

PURPOSE, SCOPE AND RESPONSABILITY

We are committed to the environment and reducing the footprint of our business operations by identifying, measuring and offsetting the environmental impact of our global operations.

We believe deeply in making the world a better place.

Our commitments

1. Identifying, measuring and offsetting the environmental impact of our global operations

We pursue higher-than-required standards in our carbon footprint calculations and offset all of our emissions, ranging from client travel to electricity usage and waste generation

2. Reducing our impact on the environment through both global and local operations initiatives

3. Seeking to minimize pollution and use natural resources sustainably

We strive for sustainable usage of natural air, water, and land resources, while ensuring minimal impact on the quality of these resources

4. Maintaining full compliance with applicable environmental laws, regulations and other obligations

Policy Changes

Management reserves the right to make any amendments to this Policy.
